New Hampshire

## TOWN REPORTS

YEAR ENDING DECEMBER 31, 1972

## SCHOOL DISTRICT REPORTS

YEAR ENDING JUNE 30, 1972

# 1973

## About this Report

This report is prepared and printed for your benefit and is intended to give you a complete picture of your town and schools — What has been done, where the money went, and what faces us in the future.

Town matters appear in front of the book and school affairs are recorded in the back of the book.

We endeavor each year to improve your report to make it readable and understandable. If you have any suggestions as to how we might make further improvements, please let us know.

Thank you,

YOUR TOWN OFFICERS

**TOWN WARRANT****TOWN OF BEDFORD****STATE OF NEW HAMPSHIRE**

*To the Inhabitants of the Town of Bedford in the County of Hillsborough in said State of New Hampshire; qualified to vote in Town Affairs:*

You are hereby notified to meet at the Town Hall in said Town on Tuesday the sixth day of March next, at 7:00 o'clock in the forenoon to act on the following Articles Number 1 to 19 which shall be by written ballot. Polls are to close no earlier than 6:00 P.M. Action on the remaining Articles commencing with Article Number 20 will be at the Town Meeting on March 13, 1973, and will be at the McKelvie School at 8:00 P.M.

ARTICLE 1. To elect necessary town officers and school officers for the ensuing year and ensuing three years.

ARTICLE 2. To see if the Town will rescind its action whereby it authorized the Selectmen to appoint a Highway Agent, and vote to return to the system and procedure whereby the Highway Agent is elected by ballot vote of the Town at each annual meeting, pursuant to the provisions of RSA 245:6.  
(By Petition)

ARTICLE 3. To see if the Town will vote to establish a Town Ordinance as follows: "Candidates or their representatives for Public Office are prohibited from campaigning or soliciting votes in any manner on property owned by the Town of Bedford on any election day."

---

To see if the Town will vote to approve the following amendments to the zoning, building, Road Ordinances, and Land Subdivision Regulations.

ARTICLE 4. Are you in favor of the adoption of Amendent No. 1 as proposed by the Planning Board for the Town of Bedford as

follows: To Amend Article III by adding Section E to provide permits for temporary tents, trailers and other structures for Commercial Use.

ARTICLE 5. Are you in favor of the adoption of Amendent No. 2 as proposed by the Planning Board for the Town of Bedford as follows: To amend Article IV General Residence District, by specifically making it a district of single family residences; assuring that residences used to house offices of professional persons must have the proprietor in residence; providing for adequate off-street parking for residences.

ARTICLE 6. Are you in favor of the adoption of amendment No. 3 as proposed by the Planning Board for the Town of Bedford as follows: To amend Article VI, Residential and Agricultural District by providing for adequate off-street parking for Hospitals and Sanitoriums.

ARTICLE 7. Are you in favor of the adoption of amendment No. 4 as proposed by the Planning Board for the Town of Bedford as follows: To amend Article IX Civic and Institutional District by providing for off-street parking for all proposed public and semi-public buildings permitted in this District.

ARTICLE 8. Are you in favor of the adoption of amendment No. 5 as proposed by the Planning Board for the Town of Bedford as follows: To amend Article XI Commercial District by deleting entire section and substituting a more comprehensive description of permitted uses and providing for other uses to be granted under the Special Exception procedure pursuant to the approval of the Board of Adjustment, changing lot sizes and minimum building coverage, providing for adequate off-street parking for permitted uses in the District and increasing the size of permitted advertising signs in the District.

ARTICLE 9. Are you in favor of the adoption of amendment No. 6 as proposed by the Planning Board for the Town of Bedford as follows: To amend Article XIII Neighborhood Commercial District, by providing for adequate off-street parking for businesses in the District.

ARTICLE 10. Are you in favor of the adoption of amendment No. 7 as proposed by the Planning Board for the Town of Bedford as

follows: To amend Article XIV Highway Commercial District by listing a more comprehensive number of permitted uses in the District and providing for adequate off-street parking for such businesses.

ARTICLE 11. Are you in favor of the adoption of amendment No. 7 as proposed by the Planning Board for the Town of Bedford as follows: To amend Article XIX Board of Adjustment by changing the sign Ordinance to agree with the new amendment No. 6 for Commercial District and the addition of the method of procedure for granting approval to Special Exception Uses as provided for in the Commercial District.

ARTICLE 12. Are you in favor of the adoption of amendment No. 7 as proposed by the Planning Board for the Town of Bedford: To amend the Building permit section by establishing a fee schedule for the issuance of permits based on estimated value of the structure and require a Certificate of Occupancy for uses other than residential.

ARTICLE 13. Are you in favor of the adoption of amendment No. 8 proposed by the Planning Board for the Town of Bedford: To amend the minimum Road Standards by changing the requirements for the construction of new roads in the Town of Bedford.

ARTICLE 14. Are you in favor of the adoption of amendment No. 9 proposed by the Planning Board for the Town of Bedford: To amend the Land Subdivision Regulations to bring them into conformance with State of New Hampshire Statutes by allowing changes in such regulations to be adopted by the Planning Board after proper public hearings have been held.

ARTICLE 15. Are you in favor of the adoption of amendment No. 9 as proposed by the Planning Board for the Town of Bedford: To change the classification from Residential Agricultural to Service Industrial, that area bounded by N. H. Route 114, Donald Street Extension, Rundlett Hill Road, and Old Bedford Road, containing approximately eleven acres.

ARTICLE 16. Are you in favor of the adoption of amendment No. 10 submitted by petition for the Town of Bedford as follows: To change the classification of approximately 1/3 acre on the Northeast corner of Route 101 and Liberty Hill Road from

Residential-Agricultural to Commercial to allow for the conversion of a barn to an Antique Store and Basket Shop.

(The Planning Board does not approve this amendment).

ARTICLE 17. Are you in favor of the adoption of amendment No. 11 submitted by petition for the Town of Bedford as follows: To change the classification of approximately 38 acres of land on the west side of the Daniel Webster Highway south across from Foster Beef and lying between land now or formerly of Louis Keriazes and now or formerly of Leslie Durant for Service Industrial to Commercial.

(The Planning Board does not approve of this amendment.)

ARTICLE 18. Are you in favor of the adoption of amendment No. 12 submitted by petition for the Town of Bedford as follows: To change the classification of approximately 50 acres of land to the north and rear of the Amoskeag Bank property and having 850 feet frontage on Route 3 from Residential Agricultural to Commercial.

(The Planning Board does not approve of this amendment.)

ARTICLE 19. Are you in favor of the adoption of amendment No. 12 as submitted by petition for the Town of Bedford as follows: To change the classification of approximately 42 acres bounded by Route 101 connector, Plummer Rd., a line parallel to Palomino Lane and rear line of the proposed Commercial rezoning above, from General Residential to Apartment Residential.

(The Planning Board does not approve of this amendment.)

ARTICLE 20. To see if the Town will vote to raise and appropriate such sums of money as may be necessary to defray Town charges for the ensuing year:

Town Officers' Salaries	\$ 17,500.00
Town Officers' Expenses	17,000.00
Election and Registration	1,800.00
Expenses Town Hall and Other Bldgs.	23,000.00

Conservation and Dues	100.00
Principal and Long Term Notes and Bonds	30,800.00
Interest - Long Term Notes and Bonds	3,713.00
Interest on Temporary Loans	2,500.00
Office Equipment	1,500.00
Payment to Capital Reserve Funds	24,000.00
	<hr/>
	\$585,856.40

ARTICLE 21. To see if the Town will vote to authorize withdrawal from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972 for use as set-offs against budget appropriations in the amount indicated; and, further to authorize the Selectmen to make pro-rata reductions in the amounts if estimated entitlements are reduced or take any other action hereon:

APPROPRIATION	ESTIMATED AMOUNT
Police	\$35,000.00
Fire	10,000.00
Landfill	15,000.00
	<hr/>
	\$60,000.00

ARTICLE 22. To see if the Town will vote to raise the sum of \$35,000.00 to be matched with Federal monies in the same amount for the purpose of acquiring lands for the development of a full service recreation area.

ARTICLE 23. To see if the Town will vote to adopt a Mosquito Control Program for the Town of Bedford to be funded with an amount not to exceed \$8,000.00.

(By Petition.)

ARTICLE 24. To see if the Town will vote to designate as a "Scenic Road" in accordance with RSA 253:17; Wallace Road from New Boston Road to the Goffstown town line.

ARTICLE 25. To see if the Town will vote to accept the sum of \$100.00 (to be added to the \$300.00 already given) the income of which shall be used for the perpetual care of the James and Jennie R. Clapp lot in the Bedford Cemetery.

To hear the reports of Agents, Auditors, Committees and other officers heretofore chosen, and to transact any other business that may legally come before said meetings.

Given under our hands and seal, this 20th day of February in the year of our Lord, Nineteen Hundred and Seventy-three.

FRANK H. BARNARD,  
ALFRED J. LAMBERT,  
ROBERT H. BROOKS,  
*Selectmen of Bedford, N. H.*

**BEDFORD NEW HAMPSHIRE**  
**REPORT OF BUDGET COMMITTEE**  
**TOWN BUDGET — 1973**

The Budget Committee met with the Town department heads to receive their proposed budgets during the month of January. These proposed budgets were then presented at a public hearing on February 6, 1973. Approximately 50 citizens attended that hearing.

The town budget presented in this report for your consideration and action at the Town Meeting is the result of many hours of work and deliberation. In some instances the Budget Committee asked for additional information and explanation from the department heads involved prior to voting on the budget presented in this report. Each line item required a majority vote — a unanimous vote was rare!

Three items were considered to be significant departures from previous policy, or represented a new program, that should be acted upon by the voters at Town Meeting:

- (1) \$35,000 is submitted without recommendation for the future acquisition of land for a Bedford recreational area.
- (2) A petition for a mosquito control project of \$8,000 is submitted without recommendation.
- (3) The Budget Committee recommends to the town that the Rescue Wagon charge \$25 per call for its service and that the income be credited to town revenues.

This proposed budget requires a modest increase in the amount to be raised by taxes. As our town grows and there are increasing demands for municipal services the town budget inevitably will reflect the result in dollars. A concerted effort was made to balance needed services with the universal desire to keep our tax burden at a reasonable level. This budget will require that our town officers exercise careful management and supervision throughout the year.

**CHARLES L. ABBE,**  
*Chairman*

Block No. 1-32-64-93

Acreage Covered 955 Acres

Ribes Destroyed 375

Appropriation Spent \$100.00

## REPORT OF THE SOUTHERN NEW HAMPSHIRE PLANNING COMMISSION

Officers for the year 1972-1973 were elected at the April meeting as follows: Wallace Moran, Chairman; Eugene Van Loan, Jr., Corresponding Secretary; Andrew O'Malley, Recording Secretary and Mrs. Erwin Schmidtchen, Clerk.

Priorities for the year were established at the May meeting. They included (1) Plan Route 3 from the Town line South to the Amoskeag Branch Bank; (2) Study the zoning ordinances and submit revisions to the Town Meeting; (3) Review the Road Ordinances; (4) Consider open space zoning and recreational land; (5) Study an earth removal ordinance; (6) Aggressively follow the sewerage study; (7) Plan articles for the Town Warrant in order to have ample time for hearings and discussions so that the agenda would be finalized by November 15, 1972.

In addition to the routine work of subdivision review, the Board followed the list of priorities and this year's Warrant for Town Meeting reflects the action taken on each of the above.

Another important achievement during the year was the calling of a Board of Selectmen, Town Counsel, Board of Adjustment and Planning Board meeting in order to achieve a spirit of cooperation and common direction for all administrative Boards for the benefit of the Town.

The major proposal of the Planning Board in this year's warrant is the complete revision of the Commercial District ordinance and the provision of a Special Exception procedure to be administered by the Board of Adjustment.

In summary, goals and priorities were established early in the year and the Board feels that the results will contribute to a better town and urges the passage of the articles proposed by the Planning Board.

However, Planning should be done for the benefit of entire town. There are articles included in the warrant which have been submitted by petition. The Planning Board, after careful review, does not feel they conform to this concept. Therefore, these articles are not recommended for passage. The Board trusts that the voters will consider all aspects of land reclassification before voting to change the zoning requested by these petitioned articles.

Respectfully submitted,

EUGENE VAN LOAN, JR.,  
*Corresponding Secretary*

## REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

In New Hampshire, forest fire control is a cooperative State-Town program. The Town Forest Fire Warden, appointed by the Director, Division of Resources Development upon recommendation of the Selectmen and the State's District Forest Fire Chief is responsible for fire suppression and other related duties. The State shares equally with the town in the cost of most forest fires, except illegal and careless fires, which are charged to the responsible party. The State further provides fire detection services, prevention programs, fire training for town warden and crews, and back up equipment for fire suppression.

By authority of the State, the Town Forest Fire Warden controls all outside burning in his town except backyard cooking fires. Any person wishing to kindle a fire when the ground is not covered with snow must obtain a fire permit, free of cost, from the Town Forest Fire Warden. No permits will be issued for fires between 9:00 A.M. to 5:00 P.M. unless it is raining, except for commercial purposes.

Please be careful when using fire, remember it can be an extremely useful tool when under control but once allowed to run wild it can become a disastrous and devastating force. Only you can prevent a forest fire.

Number of fires reported and acres burned — 1972 season:

	Fires	Acres Burned
STATE	410	361
DISTRICT	79	45½
TOWN	7	2

## REPORT OF THE BEDFORD FIRE DEPARTMENT

The year 1972 marked the 50th year of service to the community by the Bedford Fire Department. It also proved to be a significant year with the instituting of full time manpower. Capt. Leo Bongers and Lt. LeRoy Burbank now man the station 10 hours a day five days a week.

To further increase the department's efficiency and to cope with the increasing needs of the town, a new 750 gallon four wheel drive Howe fire truck was placed in service.

The firemen continue to keep abreast of fire fighting techniques at bi-weekly training sessions. For additional training, many of the men attended the annual Fire Schools held at Meadowood in Fitzwilliam and Lilly Pond in Gilford.

In cooperation with Civil Defense and assisted by the Girl Scouts, our department provided a rescue demonstration involving a simulated accident for a Civil Defense convention held at the Wayfarer.

Fire prevention remains the most important aspect of any department's work and during National Fire Prevention week the message was brought to the elementary schools through programs on home fire safety presented by the department. In addition, an open house was held at the fire station to better acquaint the townspeople with the departments capabilities.

Statistically the year shaped up as follows: — 217 Total

House or Building	16	Mutual Aid	4
House Trailers	1	Chimney	3
Automobile	13	False Alarm	1
Grass, brush & woods	8	Rubbish Barrels	2
Rescue	134	Check Smokes	5
Wash down gasoline	5	Other Calls	28

As Chief, it is again my privilege to thank all the members of the department for their continued cooperation. My sincere appreciation is also expressed to the four red phone operators: Evelyn Goad, Gertrude Hersey, Elizabeth Johnson, and Doris Peck, for their effective and faithful service.

Respectfully submitted,

RALPH M. WIGGIN, JR.,  
*Chief*

To the residents in the Town of Bedford.

Again, in behalf of the men and myself I wish to thank you for your fine cooperation in assisting the police department of this town in reporting suspicious activities in your neighborhood and for your kind patience when aid from this department did not get to you as quick as you expected it.

For newcomers in this town and also a reminder for those who forgot, please find below the sequence of reporting a suspicious car in your area:

1. Plate number
2. Make and color of vehicle
3. No. of occupants in vehicle
4. Direction of travel when this vehicle leaves the area

In reporting a suspicious person

1. Height and age
2. Clothing
3. Face, hair, characteristics

Last but not least, your name and box number on your mailbox may save your life in an emergency, if we cannot find you we cannot help you.

I also want to thank all of the men and my office help for their work in the year 1972.

Respectfull, submitted,

BRUNO J. VINCENT,  
*Chief of Police*

## CIVIL DEFENSE

The emphasis in Civil Defense has shifted somewhat from the Primary purpose of enemy defense, against Radiation in fallout to include not only enemy defense but also Protection and assistance for Civil and Natural Caused disasters.

The tremendous help that Civil Defense Force have given in Civil and natural disasters have established the significant value in maintaining Civil Defense organizations.

Chief Bruno Vincent, Bedford Police Department, has appointed Officer Morency as the C.D. coordinator for the Bedford Police Department. Mr. Morency has advised his department his plans for a comprehensive First-Aid training program for the officers. They will add further strength to the First Aid protection for Bedford, to Cooperate fully with the C.D. rescue unit maintained in the Bedford Fire Department under Ralph Wiggin, Chief, under the direction and supervision of Captain Leo Bongers.

The Turcottes, formerly of England, having experienced the value of C.D. planning during World War II, have included adequate disaster planning involving many Bedford town Departments in their comprehensive operating plans for their greatly enlarged Nursing Home on Donald Street.

MARY E. CARR,  
*Civil Defense Director*

## AUDITOR'S REPORT

We have examined the balance sheet of the Town of Bedford New Hampshire as of December 31, 1972 and the related statements of revenues and expenses and fund equities for the year then ended. Our examination was conducted in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances. Our audit included examination of the accounting records of the Selectmen, Town treasurer, Town Clerk, Tax Collector, Treasurer of the Public Library, and Trustees of the Trust Funds.

The Schedule of Town Property and the related Schedule of Note Payments on Notes Payable for the Town Office Building, Refuse Disposal Land, Water System Planning Study, Construction of Sanitary Land Fill, and Sewerage Treatment Study, are presented separately instead of an integral part of the balance sheet.

In our opinion, except as noted in the preceding paragraph, the balance sheet and related statements of revenues and expenses and fund equities present fairly the financial position of the various funds of the Town of Bedford, New Hampshire, on December 31, 1972, and the results of operation for the year then ended, in conformity with accounting practices used by municipalities applied on a basis consistent with that of the preceding year.

R. A. BAILEY,  
*Town Auditor*

H. RICHARD SPURWAY,  
*Town Auditor*

February 6, 1972

**ANNUAL REPORT OF THE TRUSTEES OF THE  
BEDFORD PUBLIC LIBRARY  
Year Ending December 31, 1971**

Once again it is time to bring the citizens of Bedford up to date on the activities that have taken place in our library during the past year. We are now open forty hours every week, lending books, magazines, records and films, as well as providing a pleasant meeting place for children and adults to study or browse.

The pre-school youngsters of the area from private kindergartens and day care centers come to the library in groups to be shown films and to have stories read to them by members of our staff. The students of Bedford constantly use our facilities for reference and our librarians for help in locating a variety of material needed for their school assignments. The remainder of the community uses the library in many ways.

The Reading Group which meets on Monday mornings and is led by Mrs. Demeritt Ayer and the librarians reads and discusses plays and hears reports on current books presented by the leaders and members of the group. An exercise class also is sponsored by the library so we have both minds and bodies being improved. Our study room upstairs is available for quiet study and the Bedford Room downstairs is available for meetings, lectures, films, etc.

Some of our activities this year have included a summer reading program with story hours and films for pre-school children, incentive reading for elementary school students and evening programs on the Raising of Racing Pigeons by Donald Jacques, Model Railroading by Gordon Woodbury and Tropical Fish by Kendall Wiggin. As a result of this last topic we now have an aquarium in our children's room donated by Mrs. Kassander, stocked and cared for by Kendall Wiggin and enjoyed by everyone. In October a very successful Octoberfest was held which included an Art Show and Book Sale. The monies from this sale and a spring event were used to purchase a desk for the library office as well as 8 and 16 mm. films for our collection.

Our librarians continue to be active in State library circles. This year Mrs. Wiggin was Representative to the District Advisory

Council of the State-Wide Library Development System. Last June she was one of thirty-eight participants selected for a tri-state conference entitled Outreach Leadership. Her week long stay at this conference at the University of New Hampshire will extend Bedford Library Services. Mrs. Peck was publicity chairman for N. H. Library Council and the N. H. Library Association. Both librarians are available for book reviews to community groups and Mrs. Peck also gives talks on the history of Bedford.

Our part time librarians Mrs. Jack Thacher and Mrs. Del Potter are working toward certification. Mrs. Thacher has also put together several very interesting exhibits for our display case in the library. Our staff is aided by pages Mattie Peters, Charon Gilman, Vivien Green, Jennifer Lee, Janice Danaïs and a group of volunteers.

The Bedford Library is the co-ordinator of the Southern New Hampshire Film Library and Book-buying Co-ops, designed to bring more media into our libraries at lower cost to the taxpayers and effectively extend the collection of both.

Respectfully submitted,

JANE P. WOODS, *Clerk*

Richard Deyo, *Treasurer*

John Geyer, *Chairman*

**THE VISITING NURSE ASSOCIATION  
OF MANCHESTER  
194 Concord Street  
622-3781**

Visiting Nurse Association services are available to Bedford residents in their homes at no additional cost to the town. This United Community Services association is a home health agency certified to care for medicare patients as well as persons of all ages regardless of race, creed, or ability to pay, who need nursing care or instruction.

Services on a part time basis (with physician's orders) include:

- Skilled nursing care and/or treatment
- Physical Therapy
- Occupational Therapy
- Homemaker Home Health Aide Service

Services at no charge include:

- Maternal and child health guidance and instruction
- Classes for expectant parents (held in Manchester)
- Family health guidance with emphasis on prevention of disease and promotion of healthful living
- Regional immunization clinics yearly

506 visits were made by Mrs. Gage, R.N. and Mrs. Christoph, R.N. to Bedford residents in 1972. Mrs. Kelton and Mrs Corbett, Physical Therapists, visited 8 patients in Bedford.

Three regional immunization clinics for Goffstown and Bedford children were held with 329 children attending.

A diabetic screening program was held in May, 1972 for Bedford residents, sponsored jointly by The Visiting Nurse Association, Lions Club and State Department of Health. 13 people availed themselves of this worthwhile service.

The physician, patients, family or a friend may call The Visiting Nurse Association for services and/or further information at 622-3781 Monday through Friday 7:30 a.m. to 4:00 p.m. Only necessary services provided on weekends and holidays.

## PLANNING COMMISSION

### REPORT OF THE SOUTHERN NEW HAMPSHIRE

The past year was especially significant for the Southern New Hampshire Planning Commission and its municipal members. A series of important advances were noted which will change the future complexion of the regional planning program and produce tangible benefits for all the participants.

#### *Areawide Certification*

In December, notification was received from the U. S. Department of Housing and Urban Development that "the Southern New Hampshire Planning Commission has been recertified under the current areawide planning requirements of the Water and Sewer Facilities Grant Program for Areawide Planning Jurisdiction and Organization, and Areawide Comprehensive Planning and has received initial certification for Areawide Water and Sanitary Sewer Facilities Planning and Programming." In short, we have established each member's eligibility to apply for Federal financial aid to develop and/or improve public water and sewerage services — two high-priority concerns within the region.

The Commission's Water and Sewer Plan was accepted by the Environmental Protection Agency. In December, EPA announced a major grant to Manchester for construction of a "regional" sewage treatment plant. This plant will serve Manchester and surrounding Towns including Bedford.

Major improvements in the water system and supply are presently being made by the Manchester Water Board toward meeting the water demands of the *region*.

The SNHPC is convinced that development of truly regional water and sewer systems serving the entire metropolitan area is an absolute necessity. To achieve this goal two steps were taken:

1. An elected officials forum was established.
2. Money was allocated to hire legal assistance to develop and execute intermunicipal agreements.

The Commission held a series of Elected Officials meetings involving Commission representatives, Selectmen, Aldermen and the Mayor of the City of Manchester to overcome this handicap.

Commission programs were reviewed; priority issues of mutual concern were established; and preliminary steps taken to hopefully create inter-municipal agreements implementing regional water, sewerage and solid waste management proposals.

These meetings set a precedent in the sense that planning and elected officials from throughout the area are now meeting together in support of one another.

The Commission will continue to encourage this forum for intermunicipal cooperation to improve communications and understanding among elected officials; to set areawide goals for mutual benefit; to provide the guidance necessary for the formulation of policy decisions; and to implement regional planning programs.

### *Commission Staff*

During the past year your Board of Commissioners hired two additional staff members bringing to five the number of full-time professionals now available to deal with regional and local planning problems.

### *Local Planning Assistance*

Mr. James Tethers and Mr. Ray Walker met on a regular basis with the Bedford Planning Board to provide technical assistance with developmental problems and coordinate local planning activities with metropolitan affairs.

Administrative and technical services provided included:

- subdivision plan review and recommendations
- preparation and review of proposed amendments to the Bedford Zoning Ordinance
- clarification of state regulations
- update of Planning Enabling Legislation
- update and preparation of Zoning Map

### *Regional Planning*

The SNHPC worked to relate activities of the Bedford Planning Board and Board of Selectmen to regional, state and federal agencies.

SNHPC programs of regional concern completed during 1972 were:

- Regional housing report
- Regional land use plan
- Update of the metropolitan transportation study
- Establishment of a forum of local elected officials
- Inventory of storm drainage problem areas
- Inventory of public facilities and services
- Assessment of solid waste management practices

### *Commissioners*

Mr. Eugene M. VanLoan and Selectman Alfred Lambert are the Bedford representatives on the SNHPC. Mr. VanLoan was elected Vice-Chairman of the SNHPC in August and serves on the Metropolitan Transportation Policy Committee.

### *The Year Ahead*

1973 regional planning programs will be initiated to reflect the priorities established by your representatives. The Commission will continue to support local management capabilities by developing back up data and providing technical services required by local decision makers.

Every effort will be made by the SNHPC to get needed public services implemented. Any citizen interested helping solve existing problems and planning for the betterment of the area should contact one of the Town representatives.

EUGENE M. VANLOAN,  
*Commissioner*

## REPORT OF THE BEDFORD HISTORICAL SOCIETY

The Historical Society is pleased to announce that the reception of the new Town History has been very successful. During the first year we had anticipated the sale of approximately 1000 books, 967 histories have been sold at the first of the year and \$7,736.00 has been turned over to the town as partial payment of the town's support.

It is suggested that anyone interested in purchasing a history, do so before they are all gone. The book has been reviewed by several professionals of books of this nature and their comments have been most pleasing to the Historical Society. As a result there has been many sales made beyond the boundaries of New Hampshire.

Arrangements for purchase of the book may be made by contacting Byron Peck, Nashua Rd., Bedford; the Bedford Public Library or the Town Office.

The Historical Society again expresses its appreciation to the Town for underwriting the project.

GEORGE T. WIGGIN, JR.  
*President,*

Bedford Historical Society

# ANNUAL REPORT

of the

## SCHOOL DISTRICT

for the

## TOWN OF BEDFORD

FOR THE YEAR JULY 1, 1971 TO JUNE 1972

**SCHOOL WARRANT****THE STATE OF NEW HAMPSHIRE**

*To the inhabitants of the School District in the Town of Bedford, New Hampshire qualified to vote in district affairs:*

You are hereby notified to meet at the Town Hall in said district on the 6th day of March, 1973 at 7:00 o'clock in the forenoon to act upon the following questions:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for ensuing year.
3. To choose two members of the School Board for the ensuing three years.
4. To choose one member of the School Board for the ensuing two years.
5. To choose a Treasurer for the ensuing year.

The polls will be open from 7:00 A.M. and will close no earlier than 6:00 P.M.

Given under our hands at said Bedford this 15th day of February 1973.

**BEDFORD SCHOOL DISTRICT**  
**SCHOOL WARRANT**  
**THE STATE OF NEW HAMPSHIRE**

*To the inhabitants of the School District in the town of Bedford, New Hampshire qualified to vote in District affairs:*

You are hereby notified to meet at the McKelvie School Cafeteria in said District on Thursday the 1st day of March, 1973, at 7:30 P.M. in the evening to act upon the following subjects:

Article 1. To see if the District will:

A. Approve the dual enrollment plan between the District and Trinity High School said plan to include secondary school programs in Physical Education, General Science, Biology, Physics, Chemistry, Business Education and Social Studies and which plan shall be administered by the School district of the City of Manchester.

B. Authorize the school board to assign certain students, who are residents of the District to the Dual enrollment classes administered by the City of Manchester and further authorize the school board to make such contractual arrangements that may be necessary to implement said assignment of students.

C. Appropriate the sum of \$8,500.00 for the payment of the cost of tuition incurred by the assignment of said students to the dual enrollment program administered by the City of Manchester at Trinity High School and to authorize the school board to apply for any grants under RSA 198:21, which funds will be credited to the district. (By Petition)

Article 2. To see if the District will:

A. Approve the dual enrollment plan between the District and St. Raphael and Sacred Heart Elementary Schools said plan to include elementary school program in Mathematics, Science, Language Arts and Social studies and which plan shall be administered by the School District of the City of Manchester.

B. Authorize the school board to assign certain students, who are residents of the District to the dual enrollment classes administered by the City of Manchester and further authorize the school board to make such contractual arrangements that may be necessary to implement said assignment of students.

C. Appropriate the sum of \$4,000.00 for the payment of the cost of tuition incurred by the assignment of said students to the dual enrollment program administered by the City of Manchester at St. Raphael and Sacred Heart Elementary Schools and to authorize the school board to apply for any grants under RSA 198:21, which funds will be credited to the district.

Article 3. To see if the District will authorize the School Board to provide transportation for High School students attending West High School and appropriate a sum not to exceed \$35,000.00 for the aforesaid purpose.

Article 4. To see if the District will vote to authorize the School Board to engage a full-time administrator for the new elementary school and appropriate a sum not to exceed \$13,500 for the aforesaid purpose." (By Petition)

\* *The Minimum Standards and Recommendations for New Hampshire Public Elementary School Approval*, January 1970, states "The minimum requirement sited below reflect what is currently realistic for New Hampshire schools. However, they are to be considered as requirements below which no elementary school fall." Paragraph 2: "Each elementary school shall provide for a full time supervising principal in a school with an enrollment of 300 or more children."

Article 5. To see if the Bedford District School will support legislation presently pending in the General Court to establish its own Supervisory Union.

Article 6. To see what sum of money the District will vote to raise and appropriate for the support of schools, for payment of salaries for the school district and agents and for the statutory obligation of the District.

Given under our hands at said Bedford this.....  
day of February, 1973.

## REPORT OF THE BEDFORD SCHOOL BOARD

The Bedford School Board during the past year has been busily engaged in all the responsibilities that make school board service a serious business. It is with great enthusiasm that we anticipate a five-man board so that issues directly involved with the quality of our children's education might receive first priority.

Two major items of business were transacted this year:

1. Issuance of a 1.2 million dollar bond to build Bedford's new elementary school. I cannot here detail the preliminary and final negotiations that involved countless hours of meetings; I can now report that both architect and contractor are combining their efforts to complete the school for the September 1973 school year. The new school will house grades 3 and 4 with the Memorial School assigned to house grade 1 and 2. This arrangement gives us excellent opportunity and facilities to develop McKelvie School into a "top-rate" middle school. The introduction this year of algebra for qualified (determined by testing) 8th grade students could possibly be considered the first step.

2. The school board has exercised an option on 50 acres of land for future school building. We were able to negotiate a price of \$80,000 for this acreage against a total allowance by the town of \$100,000. The school district is indebted to Mr. Kazys Daugela who gave of his time and talent in the interest of the town towards school land procurement.

We have spent considerable time to update existing policies and to develop new policies to guide in resolving areas of concern. This is an area that has been sadly neglected and there is still much ground to be covered here.

Important considerations have been weighed throughout the year towards making our school transportation run more smoothly. Mr. Ernest Moquin, our transportation co-ordinator, has saved your school board a multitude of headaches. He has done most of the wrestling with bus routing, parental complaints and discipline. Changes for the sake of safety have been made in routing and bus stops.

Overall appearance of school properties has taken on a decidedly improved look. Our custodial staff has co-operated and done a good job in making an effort to maintain a "cared for" look in our schools.

An expression of thanks to both administration and staff for a mutual sharing of ideas to the profit of the schools and the children . . . and to fellow board members who give untiringly of their time. The pressures and headaches are offset by the rewarding knowledge of service for the best interests of education so geared as to enable the "kids" to grow up to be the kind of adults capable of responding to society in an effective and healthy manner.

M. EDWARD MATTA,  
*Chairman*

School Board Members:

MRS. PAUL NELSON (1975)

MR. ROBERT JONES (1973)

MR. EDWARD MATTA (1974)

## **BUDGET COMMITTEE REPORT ON SCHOOL DISTRICT BUDGET**

The administration's proposed school district budget was presented by the Superintendent jointly to the School Board and Budget Committee. This initial budget was then reviewed and revised by the School Board resulting in the proposed budget presented at a Public Hearing on January 30, 1973.

The Budget Committee, which includes a member of the School Board, then considered the School Board budget in detail. Further revisions downward were made at that meeting resulting in the budget presented in this report and to be considered by the voters at the School District Meeting on March 1, 1973.

Three new programs are submitted for voter action without recommendation of the Budget Committee. The Committee took no formal action on any of these matters as they are precedent setting, represent a departure from established School District policy, or were petitioned requests. The submission of these programs without recommendation does not mean that the Budget Committee approves or disapproves of the proposals. They were considered to be matters that should be voted upon directly by the School District Meeting.

Most members of the Budget Committee feel that circumstances justify a "hard-nosed, businesslike" approach to the School District budget. All members of the Budget Committee earnestly hope that the quality of education in Bedford can be maintained and improved.

**CHARLES L. ABBE,**

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

### To the School Board and Citizens of Bedford

The Annual School District Meeting on March 1, 1972, authorized a bond issue of \$1,200,000. for the construction of a 500 pupil elementary school. The new school, now under construction was designed by Isaak, Moyer, Walsh and Dudley and is being built by Bion Reynolds, Inc. It is expected to be completed by next September.

This facility will provide the opportunity to free the McKelvie School of its overcrowded conditions and relegate the school to a middle school for grades 5-8. The new school and the Memorial School will provide sufficient space for our non-graded program during the first four years of a child's school experience. We will have the opportunity to provide proper space for programs in art, music, physical education and special education. In addition, a program for Career Education should be started for students in grades seven and eight. This program should be built around a basic lab for home economics and small hand tools. The program should be designed in 'mini course' arrangement to enable students to identify occupations and jobs, determine their own areas of interests and the opportunity to plan earlier than high school, for the world of work.

During the past decade our school enrollments have increased at approximately one hundred pupils per year. However, the current trends project a moderation of this rate. If this trends holds it will enable the district to seriously consider the implementation of a kindergarten program in our public school system. Serious consideration for implementation of such a program, beginning in September, 1974, will begin immediately.

At the present time there are approximately six hundred high school age students living in Bedford. Over five hundred of these are attending West High School on a tuition basis. The remaining students are attending private schools at the tuition expense of their parents. We are currently in the first of a three year tuition contract with the city of Manchester for the high school education of our

students. As our high school age students increase in numbers and the tuition cost per pupil increases the district may find it appropriate to build its own high school. The exploration of this issue, which was very active last year, should be resumed immediately. The residents of Bedford should address themselves to this issue no later than March, 1974.

The Bedford School Board continues to provide an attractive salary schedule to ensure a high quality professional staff to serve the educational needs of the district.

In conclusion, I take this opportunity to acknowledge the dedicated service of our school board, administrators, instructional and supportive staff in providing a high quality of educational service for the boys and girls of Bedford.

Respectfully Submitted

CLAUDE H. LEAVITT,  
*Superintendent of Schools.*

## **REPORT OF THE ASSISTANT SUPERINTENDENT OF SCHOOLS**

Mr. Claude H. Leavitt  
Superintendent of Schools  
Bedford, New Hampshire

Dear Mr. Leavitt:

I herewith submit for your approval the following paragraphs which constitute my second report as Assistant Superintendent for Business and Personnel.

As in the past, the Bedford School District Staff increased in size in order to accomodate a slight increase in student population. This year's increase was not as dramatic as it has been in previous years with only one additional teacher and one teacher aide being added to the primary level.

The Bedford School District did, however, hire seven new teaching staff members but these people were hired to replace staff who left the employ of the district. It seems that the day of large teacher turn-over has gone and thus a stabilizing influence in the field of education is now with us.

One of the biggest events in the school district occured at the Annual District Meeting in March, 1972 when a bond issue was passed to build a new 500 pupil elementary school. The school board selected the architectural firm of Isaak, Moyer, Walsh and Dudley of Manchester, N. H. to design the building. The actual construction of the school is being handled by the Bion E. Reynolds Co., of Concord, N. H. As this report is being written, it is the hope of all concerned that the school will be ready for occupancy for this coming September.

Fairly extensive renovations took place at the Memorial School during this past summer. The areas used to house the first year students were enlarged and improved, as were the Health Suite, Remedial Reading Room and the Teachers Room. A completely new septic system was also installed at this time.

It was mentioned in last year's report that cooperative purchasing of supplies with other school district was about to take place for the first time. I am pleased to report that the initial effort proved to be successful and that this will now become a yearly practice.

Bedford was indeed fortunate this year to receive \$8,561.00 under PL-874. This was the largest sum the district has received under this Federal Act.

This year also saw the State Department of Education institute a completely new accounting system for the handling of all federal funds at the local level. I am happy to report that the Bedford School District is in full accord with these new procedures and we are in no danger of having federal funds withheld for noncompliance.

My report could not be complete without recognizing the fine effort by our professional and supportive staffs throughout the past year. It is only through such an effort that a fine educational climate has been provided for the children of Bedford.

I would also like to express my sincere thanks to you, the Bedford School Board, Chadwick C. Chase, Asst. Superintendent and to our fine administrators, Mr. Arnold MacDonald and Mr. Robert Little, for yours and their cooperation and assistance in my duties.

Respectfully submitted,

JAMES M. O'NEIL  
*Assistant Superintendent*

## **REPORT OF THE ASSISTANT SUPERINTENDENT OF SCHOOLS**

The following report has been submitted in an attempt to describe in some detail the various personnel and curriculum aspects which I have focused my attention upon as Assistant Superintendent of Schools for the Bedford School District.

Bedford School District has continued to grow during this 1972-73 school year in terms of facilities as well as programs. Following the approval of the bond issue to build a new elementary school in March of 1972, construction was begun early in July. This school will not only afford an expanded primary school curriculum, but will enable the district to offer a comprehensive middle school program at the McKelvie School. Much time and effort is being spent this year to develop programs and materials in many curriculum areas which were previously unavailable to Bedford educational system of which we all can be proud.

The language arts and mathematics programs for grades one through four have been reorganized into many skill levels instead of the traditional grade levels. Children are allowed to progress sequentially through each level, at their own pace, without regard to end of the year promotions of grade barriers.

One of the most valuable and rewarding programs currently offered by the Bedford School District is the Special Education Program. This Program is designed to develop individual instructional schedules for children with learning disabilities. A Special Education Class has been established at the McKelvie School with supportive services available to the Special Education teacher to help her meet the needs of these youngsters.

One of the supportive personnel available to the Special Education Program is the school psychologist. The psychologist, a new addition to Bedford School District's pupil personnel services and funded by E.S.E.A. Title I, coordinates the pupil personnel services and provides expert counseling for parents, students, and teachers who seek his assistance in dealing with specific problems.

District wide social studies and science curriculum committees have been active again this year in a continuing attempt to develop the best possible program in their respective areas. Implementation of the recommended program continues to progress steadily but slowly in order not to overburden the financial resources of the community. Implementation will continue for the next several years.

Bedford School District, in recognition of the fact that college is not essential to all students, but equally aware that the preparation of students for a career is an important part of the education of each student, is developing a career education program to be initiated at the middle school level. Much time, effort, and research is being spent on this program which will be offered during the 1973-74 school year.

Bedford School District, in co-operation with the Merrimack School District, is about to complete the fourth year of a five year study of the rescheduled school year. Many school districts currently operating year-round school schedules have shared their information and research studies with us and are currently reporting their various stages of implementation and evaluation procedures. It does appear that operating the school facilities on a year-round schedule is a viable alternative to our current 185 days of operation. The evaluation or reports currently being received will continue.

The New Hampshire State Department of Education has recently changed the manner in which teachers are certified to teach. Traditionally, a teacher had to be a graduate of an accredited school had to have completed the required number of course credits in specific subject areas, and had to have completed three successful years of teaching in order to be certified to teach in New Hampshire. After this initial certification, the teacher was required to acquire six course credits in an approved subject area every five years. Beginning in 1975, this latter requirement will be dropped. Teachers instead must spend a minimum of fifty clock hours in some endeavor that is deemed appropriate for his or her educational growth. Each individual school district must devise a Master Plan which will outline the methods and procedures as well as the activities that will be considered as appropriate activities for recertification. Each Supervisory Union Superintendent of

Schools will judge the validity of each teacher's application for recertification based upon these guidelines. The State Department of Education has requested that school administrators, teachers, parents and students be involved in the development of that District's Master Plan. A committee composed of these people has been selected and is currently working on the development of this Master Plan.

Many less extensive curriculum developments have been initiated this year; most have been initiated on a department or classroom level. I am indebted to this kind of devotion exhibited by the Bedford teaching staff and administrative staff. I am also indebted to the Bedford School District School Board and the citizens of Bedford for their educational support toward the goal of quality education for Bedford youngsters.

Respectfully submitted,

CHADWICK C. CHASE

*Assistant Superintendent*

## REPORT OF THE PRINCIPAL

### MEMORIAL SCHOOL

The following constitutes my annual report as Principal of the Primary Units of the Memorial and McKelvie Schools.

During this school year all our first and second year students are attending the Memorial School along with one-half of the third year population. The remainder of the third, and all of the fourth year students are attending the McKelvie. This type of organization has given us a great deal of flexibility in grouping the students for mathematics and reading. It also has permitted us to maintain one readiness class which is ideal in relation to the size of our student population. Specific developmental commonalities of the six-seven year old and eight-nine year olds have been recognized and programs to meet these needs have been developed respectively in each Primary Unit.

The Primary Unit staff is enthusiastically looking forward to the opening of the new building in the fall of 1973. The additional space will give us an opportunity to expand and improve our total program in areas where we were previously inhibited by the lack of space. The school board has voted in favor of using the Memorial to house, as it presently does, all of our first and second year students and the new school to house our third and fourth year students.

Renovations were completed this summer at the Memorial School. They included the removal of the walls between rooms 1 and 3 as well as between rooms 2 and 4 to create two large teaching areas. The gym, due to overcrowdedness has been converted into two teaching stations. The floors in this area as well as the other double teaching stations were carpeted. The carpet in the gym will be removed and placed in classrooms when this area is returned to it's intended use for the 1973-74 school year. The enthusiasm of the teachers as well as the students toward these teaching stations has been excellent. Renovations were also made in the area of the teachers' room and reading resource room to increase their size.

The P.T.G. initiated a school-volunteer program and a resource file this year. The volunteer program provided clerical, library and

classroom assistance to the schools. The resource file is a list of interested citizens who have offered to come into the school and share their particular talents, skills or experiences with the students. I wish to extend a thank you to the P.T.G. and in particular Sue Tyrie, Deborah Carpenter, and Sabra Vanderwolk for their effort in these projects.

The entire primary staff participated in the development of basic objectives for the primary unit. They are aimed at intensifying and improving the program for the students in terms of meeting their personal, social, and academic needs.

The objectives developed are as follows:

- 1) To individualize instruction through the diagnosis, prescription and evaluation process.
- 2) To establish teams of teachers to work with groups of students.
- 3) To make the affective domain an integral function of the primary unit.
- 4) To develop well-planned subject orientated activity centers.
- 5) To make the Primary Unit a truly non-graded program whereby a student that needs an extra year because of the lack of maturity or academic needs may have it.

An assessment was taken of the teachers' professional needs to meet these objectives as well as the skills necessary to function successfully in the new flexible primary building. A workshop, designed to meet these needs and skills, is scheduled to be conducted during the spring.

Some significant changes have been made in various curriculum areas. Revision of the levels in our mathematics program has been completed. A new social studies program was implemented at the second year. In science, the AAAS activity-oriented program has been introduced this year to the first and fourth year students. This is the first step in a two-year plan to implement this program in all levels of the primary unit. Check tests for each level in reading were developed this past summer and are currently in use. Once

a student completes a reading level a test is administered. It measures the degree of achievement the student attained and also diagnoses any skills that might need remediation.

I wish to take this opportunity to express my gratitude to all who have cooperated in helping to successfully carry on the educational process in the Primary Unit.

Respectfully submitted,

ARNOLD MACDONALD,

*Principal*

## REPORT OF THE PRINCIPAL, McKELVIE SCHOOL

Dear Mr. Leavitt:

The following constitutes my seventh annual report; the third, as principal of the McKelvie School.

Perhaps the mood of all individuals who work on a daily basis at the McKelvie School might be described as one of anxious anticipation. Anxious to get the spaces so sorely needed for the improvement of the present programs and the flexibility that such additional spaces will provide to expand our curriculum. The former principal in his last report indicated that the "1970's threaten to curtail the progress made in the 60's. Additional facilities are needed if the growth of the past is to extend into the future." The enrollment at the time was 840 pupils. We now have 922. The building was designed for 800 pupils but programs such as industrial arts, home economics and learning disabilities were not taken into consideration at that time. Therefore, although a cursory review might indicate that there will be lots of additional teaching spaces available for the 1973-1974 school year the fact is that we will have only enough spaces available to maintain our proposed program. In other words, there will be no "empty" rooms.

Now that the pod program with its emphasis on attitudinal and emotional as well as academic growth has been in effect for a year and a half, it is my opinion that the staff is fully behind the program and is putting a great deal of time and effort into improving the curriculum.

Activity periods (art club, chess club, intramurals, etc.) have been modified significantly in my two and a half years as principal of the middle school. Modified in terms of less frequency of their meetings and decreased amount of time spent on same. The only activities that meet on a year long basis are band and chorus. The other activities are scheduled by the pod teachers in conjunction with specialists in art, music, and physical education. If programs in learning disabilities, industrial arts, and home economics are instituted next year they will be curtailed even further.

The math department has instituted an algebra program for eighth graders. West High School assures us that this program will

enable our students to go on to advanced math courses during their high school years.

The French program has been improved significantly perhaps due to the fact that the teacher now has a permanent teaching station and has significantly reduced the number of students participating.

The time spent by the reading specialist in the middle school program has increased greatly this year for a number of reasons but primarily because for the first time in recent history all of the fourth grade classes are located in one building i.e. the McKelvie. Thus Mrs. LaJeunesse with the assistance of Miss Wildman, Language Arts Coordinator, has accomplished much in terms of coordinating the reading program between the primary and middle schools. Also, individual help has been offered to those middle school students most in need of the same.

There has been a lot of dialogue with the Manchester West High School English Department relative to many matters of mutual concern but especially as to how to best provide for the transition of incoming freshman from our linguistics approach to teaching to West's traditional approach. As a result, we look for a continued improvement in this area of transition.

There have been many changes that have taken place over the past year or so in our middle school program and many of the changes have been necessitated because of the emphasis given by our society on the rights of the individual. I need not detail those for anyone who makes even a minor attempt to keep up with the times. This focus on the individual is apparent in the field of public school education both at the national and local level. With some deliberation all of us can see that many of the things going on in the middle school are really an attempt to meet the needs of the individual student. Evidence of this can be seen in the adoption of the pod program, the excellent work being done by the Parent-Teacher Group in their teacher aide program, the desire on the part of the staff to adopt a new reporting system, the proposal for a learning disabilities program, the proposal for industrial arts, and home economics program, the increased services of the school psychologist and perhaps the least visible but most effective effort of all — the attempt on the part of the staff to recognize

the individual strengths and weaknesses of their students and then designing their programs to capitalize on these strengths, shore up the weaknesses and eliminate them if possible.

Finally, it is my opinion that public school education in the United States is in the beginning stages a long overdue realization of why public schools are in operation i.e. to enable people to find a job after they get out of school. We have not had a unifying principle behind our curriculum from kindergarten through post secondary education. That unifying principle is career education. As Bedford considers building a high school and expanding its program at the elementary school level, it is well advised to become well informed about this most significant topic - why do we provide a public school education (or for that matter private school education) for our children?

I would like to thank everyone who has provided, either directly or indirectly, towards the education of the children of Bedford.

Respectfully submitted,

ROBERT P. LITTLE
